Subject: Fwd: Rooster Ridge Extreme Hunt Information

Hello everyone.....last year I bid on a trip to South Dakota to hunt pheasants at a lodge called Thunderstick Lodge, in Chamberlin, SD. It is for the week of March 16-20. Normally this trip is \$3200/per person, and Thunderstick is the premiere lodge in all of the Dakota's. I got this trip for \$1350 per person.....all inclusive, which I have forwarded you all the info in the attachment. We had one person who said they wanted to go drop out. Right now it is my buddy Mark, who most of you know, his daughter Brooke, and me. We are looking for one more person. Mark and I are driving out, and Brooke is flying, and it is cheap....around \$375 RT.....if someone wanted to go and could fly, and we will pick you up at the airport.

As I said, for me this is a bucket list trip, at a lodge I would never pay \$1000 a day to hunt at.....but as I said, we are paying about 1/3 of that cost. If anyone would like to go we would be glad to have you. You will be hunting over my dogs, so you know they will find birds.

Anyone interested?????

Bird Processing
Daily maid service

Not Included: License, ammunition, transportation, beverages (cash bar at lodge), shooting ranges, coolers for taking birds home (available to purchase at lodge)

If you have any questions please let us know!

Rooster Ridge Lodge Most Frequently asked Questions:

1. Phone Numbers

Thunderstik: 605.234.5106

2. What do I do with my dog?

We love dogs and truly appreciate the dog/ hunter relationship. But we do have some rules:

You are welcome to use the outside kennels, we built them for you.

If your dogs need to be inside your room, please keep them on the tile floor. If you prefer them to sleep indoors please use your portable kennel on the tile floor areas only.

There is a lot of room to exercise your dogs in the area south of the lodge.

3. Can we shoot trap?

Yes, please visit with your guide. Your guide will be available to throw targets for you upon request. Shells are available from us or use your own. (Price list below)

-

4. What about my birds?

You have some choices. First, if you bring your own cooler please let your guide know and he will fill it before you leave. If you need a cooler, talk to your guide about purchasing one from the lodge or picking one up in town. If you would like us to ship birds home for you, we can figure out shipping and pay upon checkout.

-

5. I would like to get a bird mounted.

Please let your guide know that you are interested. If you shoot a bird you want to use let your guide know as we will want to handle it

differently as a mount bird. You can also ask that we provide a mount bird for you. Whenever we get a really nice bird in the future we will put your name on it and get it to the taxidermist. Stop by the office and pick out a style and pay at checkout.

6. How should we handle gratuities?

Hopefully our staff has worked very hard to give you the best possible experience. Everyone is very appreciative of the generosity of our guests. Please give all cash tips directly to your guide. That always means a lot to them. Tips for guides average \$250 per gun and staff tips average around \$125 per gun. Staff tips should be given to the office and they will be divided between chef, housekeepers and others directly involved with your hunt. We do have an ATM available at the lodge.
