**NOTE: Members who join at the July meeting pay their next year's dues and tickets of \$240, so \$445 is collected.								
<p>Membership is renewed every August when dues are collected for the next 12 months. All regular members must complete ten (10) work hours by July 15th or pay \$15/hr. Members must pay for their dues, tickets, and unworked hours by the August meeting or are subject to an additional 10% surcharge of dues (\$20) by the September meeting. If payments are not received by September then the member is dropped from the active rolls and must re-apply for membership and pay the initiation fee again.</p>								
<p>**NOTE: As of March 2018 new members are no longer required to "pre-pay" work hours. The work hours requirement has not been eliminated, it has been changed. Any new member who does not complete their pro-rated work hours will be billed for unworked hours the following August. Work hours are worth \$15/hour, worked in increments of either ½ hour or full hours. Work hours do not carry over to following years if you work more than 10, and can not be borrowed or bought from other members.</p>
